ABOUT ME

Self-driven and passionate Cybersecurity Enthusiast with strong academic grounding in computer science and hands-on exposure to ethical hacking, cryptography, and IAM. Adept at working with security tools like Kali Linux, and always exploring threats, vulnerabilities, and digital forensics. Learning Python to enhance automation in security workflows. Seeking an entry-level cybersecurity role to apply my skills and grow in a dynamic organization.

EDUCATION

2021 – 2024

Sacred Heart College
(Autonomous), Tirupattur

B.Sc. Computer Science

CGPA: 6.56 / 10

CYBERSECURITY EXPERIENCE

Forage – Completed April 10, 2025

Cybersecurity Analyst Virtual
Internship (Simulation)

- Completed a real-world simulation of tasks performed by cybersecurity analysts
- Gained hands-on experience in:
 - Identity and Access Management (IAM) fundamentals
 - IAM strategy assessment
 - Crafting custom IAM solutions
 - Platform integration and access controls
- Developed a strong understanding of how IAM supports organizational security frameworks

Cybersecurity Labs & Training

- Performed ethical hacking, vulnerability scanning, and encryption exercises
- Practiced in simulated environments using Kali Linux, Wireshark, and Metasploit

Hack The Box – Cybersecurity Training (Ongoing)

Actively developing practical skills through hands-on cybersecurity labs and training modules:

- Linux Fundamentals
- SQL Injection Fundamentals
- Introduction to Networking
- Web Requests & HTTP Analysis
- Using the Metasploit Framework
- Intro to Network Traffic Analysis
- Vulnerability Assessment

Building experience in penetration testing, enumeration, privilege escalation, and network security

Cisco Certifications & Labs

- Introduction to Cybersecurity
- Networking Basics
- Strengthened foundational understanding of networks, threats, and online safety

SKILLS

- Cybersecurity Tools: Kali Linux, Wireshark, Nmap, Burp Suite
- Concepts: Ethical Hacking, IAM, Cryptography, Vulnerability Scanning
- Programming: Python (basic scripting for automation), MySQL , C
- Soft Skills: Analytical Thinking, Curiosity, Team Collaboration

PROJECTS

Portfolio Website

Built a personal website using HTML, CSS, and JavaScript to showcase projects and achievements.

[Link](#)

To-Do List Application (Python)

- Developed a simple command-line To-Do List app in Python
- Implemented features such as adding, editing, deleting, and saving tasks
- Applied basic file handling and functions to manage task data persistently

CERTIFICATIONS

- Cybersecurity Analyst Job Simulation – Forage
- Introduction to Cybersecurity – Cisco
- Networking Basics – Cisco
- Professional Ethical Hacking – Alison
- Cryptography – Simplilearn
- Python Using AI – AI for Techies

INTERESTS

- Cyber Threat Analysis & Penetration Testing
- Digital Forensics & Incident Response
- Reading cybersecurity blogs and CTF walkthroughs
- Python scripting for security tools
- Playing Chess to boost strategic thinking

LANGUAGES

- Tamil – Native
- English – Fluent

ACKNOWLEDGEMENT

I here by declare all the information furnished above are true to the best of my knowledge.
