Professional Ethical Hacking

SKILLS

- Programming Languages: Python, MySQL
- Web Technologies: HTML, CSS, JavaScript
- Cybersecurity: Ethical Hacking, Cybercrime, Cryptography
- Tools & Platforms: Git, VS Code, Jupyter Notebooks, Kali Linux
- Soft Skills: Problem-solving, Time Management, Team Collaboration

PROJECTS & EXPERIENCE

1. Portfolio Website

- Link: <https://suriya52.github.io/my-portfolio/portfolio/index.html>
- Developed a personal portfolio website showcasing skills, projects, and achievements.
- Utilized HTML, CSS, and JavaScript for front-end development and deployment using GitHub Pages

2. Grocery Shopping Automation Using Python

- Developed a fully functional grocery website using Python (Flask/Django) with features like product search, user authentication, shopping cart, and checkout system.
- Integrated a simple admin dashboard for product management and order tracking, using a database .

3. Cybersecurity Labs

- Participated in various cybersecurity training programs and labs, focusing on ethical hacking, cryptography, and networking security protocols.

ACHIEVEMENTS & INTERESTS

- Actively learning and participating in open-source projects.
- Avid reader of technology blogs, particularly on Python and cybersecurity.
- Regularly take part in coding challenges and competitions to enhance problem-solving skills.

ADDITIONAL INFORMATION

- Languages: English (Fluent), Tamil (Native)
- Hobbies: Coding, Reading, Cybersecurity Research, Playing Chess
